SUCCESS STORIES OF PLACEMENT

ALLUMNI SPEAKS

It has been a memorable experience throughout last 4 years where I came across wonderful teachers who care for their students and also made good friends. Learning is given the foremost priority in this college, along with other extra curriculums like annual fest and sports events. Infrastructure and equipments in this college are well updated and up to the mark.

SVIST prepared me for the professional world. I am placed in Concierge Technologies Pvt. Ltd. , InGreens , Easycoach , Capgemini and Cognizant Technology Solutions. Today I feel proud to call myself a SVIST'ian for every achievement of mine. My college provided me as well as my fellow mates numerous opportunities like conducting the AMCAT and Cocubes employability tests on campus. Also, the grooming and soft skill classes conducted by eminent soft skill trainer Mr. Subrato Bose helped us a lot to be ready to face any challenges during recruitment drives. Our Principal Mam, Mrs. Sonali Sarkar along with the whole training and placement cell specially Mr. Viki Das and Mrs. Jayeeta Chakraborty Nath were very effective and supportive. In the final year placement the whole management did a wonderful task in the way they coordinated with the students and organized the campus drives.

SUTANUKA DAS
ECE, 2016

This is Sutanuka Das, a student of SVIST(2012-2016) from ECE department. Given the type of background I had previously, it was a bit hard to cope with them. But gradually my perception changed as I came under the guidance of our respected faculty members and our honorable principal, Dr. Sonali Sarkar. My views totally changed when I came to know about the helpfulness of each and everyone in the college; be it our faculty members, or our HOD, or our principal madam, or our office staff.

Next, I would like to talk about our placement officers and coordinators. Campussing wouldn't have been possible without them. Jayita Madam, Tapas Sir, Viki Sir, Purnendu Sir require a special mention. I consider myself lucky that I am a part of SVIST. I am also grateful to the college for organizing exams like AMCAT and COCUBES which greatly help students in getting jobs. I, myself have got jobs at MINDTREE LIMITED and ACCENTURE through AMCAT and another job at MUSIGMA through COCUBES. One of my jobs from the on-campus drive was at BROADSOFT TECHNOLOGIES. I don't consider myself successful because I have got four jobs, but I consider myself successful having got four jobs with the college's help. I cant forget how my principal motivated me at the times when I was low, or how the TPOs and coordinators helped me when I was not confident.

Now, that my college days are over, I feel sad but wish to continue to be a part of SVIST for the years to come.

It has been a wonderful experience where I came across wonderful teachers who care for their students. I joined SVIST as a Boy and came out a Man. SVIST prepared me for the professional world. I am placed in Codez IT Solutions, Think and Learn Pvt. Ltd (Byju's Classes), Mindtree Limited, Cognizant and IBM. Today I feel proud to call myself a SVIST'ian for the feats I have achieved and it would have been impossible without my college who has been the backbone of my success. Our Principal, Mrs. Sonali Sarkar along with the whole training and placement cell specially Mr. Viki Das and Mrs. Jayeeta Chakraborty Nath were very effective and supportive. They were always there for any kind of help or assistance whenever, wherever it was required.

My name is Rajesh Das. I am from Electrical and Electronics Engineering department. At present I am an employee in Urban Timer e-commerce solutions Pvt. Ltd. and I am doing my work with great ease. This company has become very familiar to me specially because of presence of many senior guys who are from our college only. Our college has helped me a lot for finding the job. The only thing that I like to share for those guys who haven't been recruited till yet is that don't be too much tensed guys. Just chill. You will definitely get the job as early as possible.

After joining SVIST I came across with some great faculties who helped me understand the subjects, groomed me in every way possible. I am thankful to our HOD for his support. All the TPO's have put their efforts so that no one passing out from the college is unplaced. It's kind of unexpected for me, inspite of have a low marks of 59.28 in Higher Secondary exam I was able to get two jobs from on campus drives.

The first one is Novatree eSolutions Pvt. Ltd. It is an excellent startup company to work with, learn and grow. Though it is a small company with respect to employee strength, I had a great experience working there as an intern. The second one is Broadsoft Inc. It is a leading company in the VoIP section. The pay package is really good for a fresher. I am truly satisfied with the placement I got.

My college has played a huge role bringing me upto here where I stand now. Here's my success story to all the svistians. College life was always special and so were the people there be it the office attended or my HOD or princy. 4 years has been lil rough and tough but enough fruitful. Lil did anyone know when I lost all my hope in fixing my career ladde , I sat for Amcat exam organised by SVIST and cracked it . I am working in Accenture now.

I got placed in Codez IT Solutions (on campus) and CTS (pool campus). I'm very thankful to all my teachers , principal mam and all tpo sir and mam for their support and guidance. There were several apti and soft skills classes conducted . The college has always tried for well being and better opportunities for its students. Exams like cocubes, amcat were conducted free of charge twice to increase our chances of getting proper job. Tpo sir/mam used to take personal care and were always available for communication. Overall it was an amazing journey for me. I shall always be grateful to this institution.

The name of SVIST takes me down the memory lanes of the four years that I spent there. This institution helped me get where I am currently i.e. Capgemini. This was the place where I found affection and guidance from the faculty and friends.

It has been a great journey for me, spending 4 golden years at SVIST. I have gained a lot while being a family member of SVIST. The immense effort and guidance of the faculties has lead to our success and now I am a rank holder in the University just because of them.

First of all I would like to inform you that currently I am pursuing masters in VLSI Design from Razabazaar Science College, University of Calcutta. I am also very delighted to inform you that I qualified GATE in the year 2016 in ECE. This achievement was not possible if the faculty members doesn't helped me. Their guidance in all aspects of my study helped me to achieve this feat without any external coaching. I cannot express my oblige in words.

Now I am a student of M.Tech. But I humbly believe and admit from the core of my heart that I felt the resonance of inspiration to achieve this success in my college Swami Vivekananda Institute of Science and Technology. The institute played really a vital role in my life. Its environment, atmosphere, administration, assistance from the library and laboratory will remain unforgettable to me forever. I would like to thank our all faculty members our respected teachers for their extreme guidance and care. The ever-smiling face of our Principal was really a source of solution of all problems. Today when I tread down memory lane, I feel how safe, secured I was in my happy home, my most beloved SVIST. "My heart aches and a drowsy numbness pains my senses" when I think that long times passed and I am away from the affection, sympathy, co-operation and compassion of my teachers and the Principal and honestly long for a re-union to get my heart contented with the touch of sweet experiences. I am proud to be a SVIST'ians and a member of SVIST family."
